M e m o r a n d u m

Date: June 12, 2015

To: The Commission (Agenda Distribution Group)

From: Amy C. Baker
Advisor to Commissioner Catherine J.K. Sandoval

Subject: Discussion and Action on Proposed Appointment to the Low-Income Oversight Board

Public Utilities Code § 382.1 establishes a Low-Income Oversight Board (LIOB) to advise the Commission on low-income electric, gas, and water customer issues. The LIOB serves as a liaison between the Commission and the low-income ratepayers and representatives. The LIOB is comprised of eleven members. One of those members is an electric/gas corporation representative.

Commissioner Sandoval recommends that, during the June 25, 2015 business meeting, the Commission approve the appointment of Daniel J. Rendler to the LIOB.

Daniel J. Rendler would serve as the electric/gas corporation representative. In D.05-04-052, the Commission determined that the electric/gas corporation representative should rotate from IOU to IOU on an annual basis. The previous representative was from Pacific Gas and Electric Company. Daniel J. Rendler is currently the Director of Customer Programs and Assistance for Southern California Gas Company. He is responsible for leading the development, administration and implementation of energy efficiency and low income assistance policy and programs for over 21 million consumers in Southern California. Dan is very active in the

community. He is currently on the Executive Committee for the Inland Empire Economic Partnership. He is a member of the University of Redlands Board of Trustees and serves on the Dean's Advisory Board of Directors for the A.G. Anderson Graduate School of Management at the University of California, Riverside. Dan is a member of the Goodwill Southern California Board of Advisors, is a Corporate Walk Chair for the Leukemia & Lymphoma Society California Southland Chapter and he holds a lifetime membership with the Redlands Optimist Club

Mr. Rendler is highly qualified for the appointment and will be a valuable addition to the LIOB.
